

Lyceum is a Private and part of the State run health care Rehabilitation Center.

We use updated methods and technologies with the contribution of highly qualified personnel in order to offer a service that is as responsive as possible to the needs of the market and of a high professional level.

The goal is to achieve an increasingly high quality of services, because we can improve and we must achieve the excellence of the service itself.

COSTUMER SATISFACTION

Lyceum periodically checks the organization also through the advice and complaints of users who are invited to use the Customer Satisfaction Form on the reception desk.

For each report, in any form received, an immediate solution attempt will be implemented.

Complaints written in a non-anonymous form, will be answered within 15 days.
